

SANIBOX®

PACKAGING RANGE
FOR HEALTHCARE WASTE

WHO IS CARTOSPÉ PACKAGING ?

We are one of France's leading manufacturers of conventional and special cardboard packaging.

Our expertise in containers for healthcare waste enables us to satisfy our customers all over France, French overseas territories, Europe and North Africa. Our wide range of products is created to provide and ensure optimal cost-effectiveness in compliance with regulatory and environmental requirements. The confidence we instill in our customers empowers us to implement our growth strategy and support them with their development. The three keys to the success of our dynamic, strategic company are : attentiveness, flexibility and innovation.
